

Bolton 25cm J-Pole Mount Accessory Kit

Easy installation on building roof or wall

BT974778

The Bolton 10 inch pole mount accessory is to be used in conjunction with an outdoor antenna. The wall mounting bracket is to be mounted on a flat surface via screws. The pole can then be attached to the bracket with the pipe bracket and supplied hardware. When mounted correctly the pole will be upright, in the optimal position for an outdoor antenna to be mounted to the pole.

- Simplify your next outdoor antenna installation.
- Designed for mounting outdoor antennas on the roof or wall of a building
- Comes with U-mount assembly and Wall Bracket
- Can be mounted to building roof or wall for easy outdoor antenna setup
